## AGENDA COVER MEMO

**AGENDA DATE:** March 30, 2005

**TO:** Board of County Commissioners

**DEPT:** Health & Human Services

**PRESENTED BY:** Steve Manela, Intergovernmental Human Services Program Manager

**AGENDA ITEM TITLE:** ORDER \_\_\_\_\_ / IN THE MATTER OF AMENDING CHAPTER 60 OF LANE MANUAL TO REVISE CERTAIN HEALTH & HUMAN SERVICES FEES (LM 60.840) EFFECTIVE APRIL 1, 2005

---

### I. MOTION

Order \_\_\_\_\_ / in the Matter of Amending Chapter 60 of Lane Manual to Revise Certain Health & Human Services Fees (LM 60.840) Effective April 1, 2005

### II. ISSUE OR PROBLEM

To establish additional fees in the Lane Manual to establish a more complete list of services provided by Community Health Centers of Lane County (CHCLC). The initial fees for the Community Health Centers were added in February 2004. The Department of Health & Human Services completed an annual fee revision in June 2004. During the annual revision, Community Health Center fees were not changed nor were any additional fees added. After seven months of operation, it was determined that additional fees were needed for CHCLC. These additional fees were added in an interim revision in November 2004. Once again, additional fees are requested in the 2<sup>nd</sup> interim revision in FY 04/05.

### III. DISCUSSION

#### A. Background/Analysis

The last annual fee schedule revision for the Department of Health & Human Services was completed in June 2004, with an effective date of July 1, 2004. Prior to the annual revision, an interim revision was completed February 4, 2004. The interim revision was done for the sole purpose of establishing the Community Health Centers of Lane County's (CHCLC) fees prior to the opening of the main clinic.

The main clinic has been in operation for almost one year and staff has become aware of which types of services and fees need to be added to cover the procedures that have been or could potentially be provided. This change allows the CHCLC to collect for all services provided, maximizing revenue and increasing financial stability.

The finance and Audit Committee reviewed the proposed fee schedule on March 15, 2005.

**B. Analysis**

**Community Health Centers**

As the Community Health Centers of Lane County (CHCLC) continues in operation and expands services, there is a need to continually review and expand the current fee schedule to include additional services.

The methodology used to determine the initial fees in February 2004, was also used to determine the additional medical fees for this revision. Due to the lack of RVU's for dental services, another methodology was developed to set dental fees.

The dental fees were set using the 2005 reimbursement rate from the Oregon Medical Assistance Program (OMAP), which is typically 45% of billed charges. The fees were calculated under this assumption by dividing OMAP's reimbursement by .45. Then, to ensure the reasonableness and market value of the fees, other Community Health Centers in Oregon were contacted for comparison.

Medical fees were determined using the Relative Value Unit (RVU) and conversion factor as recommended by the reference book *ADP Context Physician Fees – 2003*. This reference tool compiles fees based on national fee data (consisting of more than 400 million provider charges) that had been adjusted geographically to reflect charges being submitted by providers in this area of Oregon. ADP Context's fees are organized into individual payments areas represented by the first three (3) digits of the ZIP Code, in this case, "974", which includes all of the census tracts being provided services by the CHCLC sites.

This tool is designed to assist clinics in establishing and assessing fees for services based on individual Physicians' Current Procedural Terminology or CPT® (CPT is a registered trademark of the American Medical Association) codes and descriptions.

To create the additional fee list for the CHCLC, staff listed the services and procedures that have been, or could be, provided. Each procedure is assigned a Relative Value Unit or RVU. The RVU measures the skill, intensity, time, and knowledge required to perform the service provided. For example, a basic office visit for an existing patient has an RVU of .55, which indicated a low intensity, short time frame, and lower skill procedure. A surgical procedure can have an RVU of 18.67. This suggests that the surgical procedure requires 34 times more effort, in terms of time, skill, and resources than a basic office visit.

The conversion factor for the "974" zip area determined by the ADP market survey is \$46.75 per RVU, however the conversion factor was reduced to 60% for procedures to

better reflect the charges that other Federally Qualified Health Center's use in this region and to be more affordable for patients. These fees will be reviewed annually and adjusted as needed to best match the cost of providing the service. This pricing approach should provide charges that are appropriate to cover expenses while making services more affordable and competitive in the market place.

**C. Alternative/Options**

1. To approve the proposed new fees and appropriate increased fees in the next supplemental as needed.
2. To not approve the proposed new fees. To do so would limit the ability of Community Health Center to generate revenue and remain financially viable.

**D. Recommendation**

It is recommended the Board amend Lane Manual to revise the Health & Human Services fee schedule to include the additional fees.

**IV. IMPLEMENTATION / TIMING**

Fees would become effective April 1, 2005. Budget adjustments for FY 2004/2005 would be processed during the third supplemental process in FY 2004/2005.
