

W.Z.E.G.

Memorandum Date: April 21, 2008

Order Date: May 7, 2008

TO: Board of Lane County Commissioners

FROM DEPARTMENT: Public Works, Road Maintenance Division

PRESENTED BY: Arno Nelson, Road Maintenance Division Manager

AGENDA ITEM TITLE: ORDER / IN THE MATTER OF AWARDING CONTRACTS TO VARIOUS CONTRACTORS TO ESTABLISH UNIT PRICES FOR ROCK MATERIAL NEEDS DURING FISCAL YEAR 2008-2009, PROSPECTIVE CONTRACT NO. 08/09-M&S-51

I. MOTION

THAT THE ATTACHED BOARD ORDER BE ADOPTED AWARDING REQUIREMENT CONTRACTS TO VARIOUS CONTRACTORS FOR FURNISHING ROCK MATERIALS FOR FISCAL YEAR 2008-2009, AND THAT THE CONTRACTS BE EXECUTED IN ACCORDANCE WITH THE BID SPECIFICATIONS, AND THAT THE COUNTY ADMINISTRATOR BE AUTHORIZED TO SIGN THE CONTRACTS.

II. DISCUSSION

A. Background / Analysis

Rock contracts are for furnishing rock materials to be used in the maintenance of County roads, bridge approaches, and shoulder widening during the fiscal year 2008-2009.

Rock materials are reapplied to County road shoulders in order to maintain and provide a safe traveling surface, and to minimize the breakdown of pavement under heavy traffic and inclement weather conditions.

Rock material requirement contracts are awarded annually to all qualifying bidders, thus guaranteeing Lane County the best price for the materials based on the low bid and hauling cost.

Contract specifications require Lane County to purchase at least \$100.00 of materials from each qualifying bidder. These materials are purchased as needed during the term of the contract; therefore, a contract dollar amount cannot be specified.

B. Recommendation

The use of rock materials in road maintenance helps prevent potential safety hazards and reduces capital improvement expenditures.

Recommendation is to award requirement contracts to qualified bidders.
