LANE COUNTY OFFICE OF LEGAL COUNSEL

ATTACHMENT C
Lane County
Legislative Principles and Priorities
UPDATED by Board of Commissioners April 17, 2018

The Lane County Legislative Principles and Priorities provide a framework for the Board of Commissioners and the Lane County staff to work within. These documents serve as a reference for legislative positions and objectives while providing direction for the Board of Commissioners and staff throughout the year. The County's Legislative Principles and Priorities are the foundation of a focused advocacy strategy.

Objective

The primary objective is for the Lane County Board of Commissioners to adopt official positions on clearly stated legislative issues at the start of the legislative session. The legislative approval process is streamlined by receiving clear direction from the Board on pertinent legislative issues at the beginning of the legislative session and this is accomplished by adoption of the Principles contained in this document.

The Principles are designed to provide guidance to Intergovernmental Relations staff on policy issues that arise during the Legislature **and Congress** and for which insufficient time exists to fully vet the issue through a formal convening of the Legislative Committee.

The Legislative Priorities are developed and maintained using the goals and objectives of the Board of Commissioners, the priorities of the Strategic Plan adopted by the Board, a review of legislative priorities from the Association of Oregon Counties, input from the Legislative Committee which includes Board members, department directors and staff, research of current law and pending legislation, as well as discussions with local legislative staff and the County's legislative advocates.

Federal and state legislative proposals and policies consistent with the Legislative Principles may be supported by the County. Those policies or proposals inconsistent with this agenda may be opposed by the County.

For proposed legislation, either consistent with the County's Legislative Principles and Priorities, County staff shall be authorized to prepare position letters on behalf of the Board. Items not addressed in the County's Legislative Priorities may require further Board direction. Legislative priorities shall address issues directly relevant to or impacting the provision of county services.

County departments are encouraged to monitor and be knowledgeable of any legislative issues related to their discipline. However, any requests for the County to take positions on a legislative matter must be directed to the Intergovernmental Relations Manager. County departments may not take positions on legislative issues without the Legislative Committee's review and approval.

Goals and Strategies

Goals:

- Advocate the County's legislative interests at the Federal, State and County levels.
- Inform and provide information to our Legislators, Board of Commissioners, and Staff on the legislative process and key issues and legislation that could have a potential impact on the County
- Serve as an active participant with other local governments, the Association of Oregon Counties, regional agencies, and local professional organizations on legislative/regulatory issues that are

- important to the County and our Region
- Seek grant and funding assistance for County projects, services, and programs to enhance services for our community

Strategies:

- Communicate legislative positions on proposed Federal, State, and County legislation, measures, initiatives and governmental regulations
- Seek Federal, State, and County funding through allocations, grants and other discretionary funding for County projects, services and programs
- Work closely with the Association of Oregon Counties, our legislative advocates and other counties in advocating for the County's Federal, State and County legislative interests
- Share information with the Board of Commissioners, County staff, and the community on legislative issues
- Where appropriate, integrate key staff into workgroups, task forces, or other bodies that are developing legislative proposals.
