MANDATED: ORS 458.505 (LM 3.530)

C. BACKGROUND / ANALYSIS:

The Lane County Board of County Commissioners has served as the governing board for Lane County's Community Action Program since 1972. The Community Action Program is the delivery system for state and federal anti-poverty programs. Since 1983 the operation of this mandated advisory committee, for anti-poverty funding in Lane County, has functioned to assist the HSC as a part of its budget and planning process. This coupling of functions has allowed for the efficient integration of decision-making in the allocation of funding to local non-profit groups.

This committee has designated slots for recruitment within the mandated tripartite advisory board structure, consisting of equal parts local private sector, public sector, and low income representatives. The HSC designated slots for recruitment for specific community interests include: clergy, criminal justice programs, health care organizations, consumers, public welfare programs, and advocacy organizations. This structure brings together community leaders from each of these groups to collaborate on developing responses to local needs.

The Human Services Commission approved the recommendation of these appointments at their May 18, 2006 meeting.

The Lane Manual allows for four-year terms, ending June 30. However, in practice the HSC public officials (elected/appointed) are appointed annually and have served one-year terms beginning on January 1. The HSC has recommended appointing members for up to two-year staggered terms.

APPLICANT'S NAME AND CITY: Kendra Lodewick; Eugene	DATE: April 15, 2006
NAME OF ADVISORY COMMITTEE: HSC - Community Action Advisory Committee aka Budget Planning Committee	PLEASE CHECK ONE: <input checked="" type="checkbox"/> New Applicant <input type="checkbox"/> Application for Reappointment

1. Give a brief description of the experience or training that qualifies you for membership on this advisory committee (If you wish, you may attach a resume or other pertinent material.)

I am a social program evaluator and policy analyst by training, including both a Bachelor's and Master's in Public Policy Analysis and Management. For the past eight years I have been working in the field of social program evaluation and research, focusing on welfare, workforce development, and education and training, among other fields. I am currently the co-founder and principal of Program and Policy Insight, LLC, an Oregon-based social policy consulting firm; current clients include Oregon Department of Human Services and Denver Department of Human Services.

I believe my background gives me unique breadth and depth of knowledge related to human services, including an awareness of current best practices, program innovations, and cost-effective strategies. I also believe my experience gives me an understanding of the trade-offs involved when developing human service policies. Please see my attached resume for more information.

2. Why do you want to become a member of this committee, and what specific contributions do you hope to make?

I believe I could help the Budget Planning Committee strategically use scarce public resources to identify and fund effective human service initiatives. Working with the Budget Planning Committee would provide a very tangible, hands-on opportunity to apply my skills within my own community.

3. List the community concerns related to this committee that you would like to see addressed if you are appointed.

My primary concern would be making the most effective use of scarce resources, so my overriding goals would be gathering consensus on human service priorities and funding policies and programs strategic to those priorities. Eugene has implemented unique and varied human service initiatives and I would support continued innovation.

4. Briefly describe your present or past involvement in relevant community groups. (Having no previous involvement will not disqualify you for appointment.)

I have been involved in various community service activities, including founding a company community service committee during my tenure at Berkeley Policy Associates. In addition, I most recently served on the board of the Somerville Homeless Coalition in Somerville, MA, where I participated in the oversight and growth of a multi-service agency charged with addressing, alleviating, and eliminating homelessness.

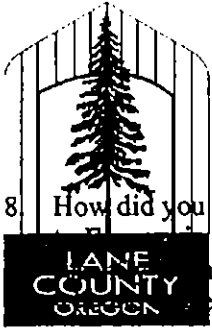

5. Lane County is committed to reflecting diverse cultures on its boards/committees and does not discriminate against any person on the basis of gender, race, color, national origin, religion, disability, or age in employment or in admission, treatment, or participation in its programs, services, and activities.
