Attachment to application for appointment to the Board of Property Tax Appeal

Answer to questions:

1. I completed the State of Oregon Real Estate Agency approved Norman Webb Real Estate School in November 1992. I passed the salesperson examination on November 21, 1992 and received my real estate salesperson license February 1, 1993. I completed the Tate Real Estate Consultants, Inc. training program in February 1993.

Training included real property appraisal and real estate finance. I also completed three terms (nine credit hours) of Real Estate Appraisal while earning a Business Administration degree from the University of Oregon in 1956.

My 36 1/2 years experience as an administrator at the University of Oregon includes 12 years as Family Housing Director. One of my responsibilities was to appraise, negotiate and purchase residential properties in the east end of campus. I was also deeply involved in the appraisal and purchase of large apartment complexes and buildings. I worked with independent appraisers in determining property values.

I have been a volunteer with Oregon Community Credit Union for over 45 years and on occasion counseled members on real estate purchases and financing. I also assisted in formulating policy on real estate loans and the real estate portfolio held by the credit union.

2. I have been an active volunteer at the University and community for many years. I enjoy and find great pleasure in helping people. I believe I can be of assistance to residents of Lane County as a member of the Board of Property Tax Appeal. My major contributions will be to listen to issues and contentions presented by petitioners, to educate them on how property values are established by the county and to exercise an independent judgment as to the petitioner's property values.

Sally Smith Application=2006-7 BOPTA

. I have worked in the area of housing needs most of my professional life. (See #4 below) I served as a member of the City of Eugene budget committee for four years, 1972-76. I have served on the BOPTA for the past three years and have received the required and helpful training for each session. I also have the additional knowledge and experience from serving as a full time member these past three years which is invaluable in making decisions we must. I believe my service to the board has been more than satisfactory and I have enjoyed giving the time to this experience. I have learned how the committee works, the laws that govern it, and know the people who are involved in the process.

2. I want to make sure that people can speak to a representative body who understands and has concern for their situation. As a member of the committee this past year I tried to ask fair and appropriate questions concerning the different cases being heard. I have a strong interest, both personal and professional, in housing issues and can use this knowledge to add insight and balance in the work of the committee.

3. My concerns are centered around the basic need for safe, decent, sanitary housing for all and the need to raise enough property tax to support the needs of the county. The disparity in housing needs is great in Lane County and it is important that the procedures that dictate what persons pay in property taxes is fair and truly reflects the value of their property. After several years on the committee I recognize that some people know the system quite well and will come back again and again. Others only come in desperation and need our attention and understanding equally as much. I believe I am very fair and can deal with all people in an open and honest manner. If appointed to the committee again I will continue to ask for the facts of each different situation to help us reach a fair decision.

4. In the way of housing-related credentials, I have several. I worked in the administration of University Housing for twenty years, both in family housing and the residence halls. I have been active in nonprofit housing for families and seniors, and was instrumental in securing funding and building several housing projects for low and moderate income people. Before this experience, I worked as a housing consultant doing housing market studies for a private firm in Eugene. I continue to be involved in my neighborhood organization and deal with its issues, many which involve housing. I've served on the board of the Jordan Schnitzer Museum of Art, the Jacobs Gallery, and Learning in Retirement, and am a member of Eugene City Club and the LWV.

5. I add to diversity on this board because I am a woman with a strong interest and background in housing and local government. Within the board that I have served on I am usually the only woman and I seem to represent the needs of the average citizen very well. I appreciate learning from various points of view and feel I can well serve another term on the board.

6. I have served on the BOPTA board for the past three years.

Question 1.

I was part owner and general manager of Champion Friction Company in Eugene for thirty-five years. During which time I was involved in every aspect of running that company including working with the city, county, taxes, employees. I feel I have a good understanding on how our city and various committees work.

Question 2.

I was very active with my company but had to retire when my wife became ill and then passed away. I would like to be involved in something that would be challenging and meaningful.

As to contributions, it would be hard to say, as I do not know all the aspects of the advisory committee nor their responsibility. I am sixty six years old and have been in business all my life, so have a great deal of common sense, know right from wrong and feel that we as citizens need to step forward and help where we can.

Question 3.

Taxes can sometime be a catalyst to larger problems, as very few people anywhere think their taxes are correct. I have always wanted to be in a position to listen to both sides, receive enough information to be sure the position taken by the county is fair to each side. I realize we need the tax dollars to fund our infrastructure, but do it in a way all concerns are met.

Questions 4.

Two terms on the board of Pearl Buck center.

Advisory board of Actor Cabaret.

Fund raising for CASA, Camp fire.

Auctioneer for ten years doing non-profit organizations only.

Rotary member.

Question 5.

Not sure I understand the question. Lane County would be selecting the members of this committee, so do not understand how I would be in a position to contribute.

As to my feelings and ethics, being an owner of a manufacturing company, we were very committed to hiring and working with any applicant who applied to us regardless of culture or age. Champion Friction though my efforts had a number of Pearl Buck clients, working there for many years.

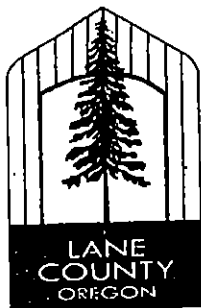

So I personally would work with anyone that you felt was qualified and selected.

Question 6. No.

Question 7. NO.
