<b>APPLICANT'S NAME AND CITY:</b> John Lipkin M.D.	<b>DATE:</b> 4/7/2008
<b>NAME OF ADVISORY COMMITTEE:</b> Mental Health	<b>PLEASE CHECK ONE:</b> <input checked="" type="checkbox"/> New Applicant <input type="checkbox"/> Application for Reappointment

1. Give a brief description of the experience or training that qualifies you for membership on this advisory committee (If you wish, you may attach a resume or other pertinent material.)

I have worked as a psychiatrist, administrator, and medical school faculty member in many settings since 1970. These include a university student health center, private practice, a military hospital, Veterans Administration Hospitals and headquarters, and community hospital settings, most recently at PeaceHealth in Eugene. I am Board Certified and until November 2006 was the Medical Director for Behavioral Health at PeaceHealth Oregon Region.

2. Why do you want to become a member of this committee, and what specific contributions do you hope to make?

Throughout my career in mental health, I have worked to improve access and quality of services for people needing mental health care. My goal in serving on this advisory committee is to bring my 40 years of training and experience to the deliberations and recommendations of the committee. Because I have worked with the challenges facing patients, outpatient programs, and hospitals directly and as a consultant I hope to be an asset to the committee.

3. List the community concerns related to this committee that you would like to see addressed if you are appointed.

Lane County struggles with all of the issues facing communities around the country. Access to mental health services, provision of care in the most suitable and least restrictive way, (the right care in the right setting) planning ways to deal with the increasing pressure for services despite declining resources will be important issues for years to come. Finding economically viable long term approaches to these issues have been and will continue to be high priority challenges for all concerned..patients, families, local government, law enforcement and the provider community. Services for children, chemical dependency and the elderly as well as basic outpatient care are being severely tested. Wider dialogue and collaboration may help soften the challenges ahead.

4. Briefly describe your present or past involvement in relevant community groups. (Having no previous involvement will not disqualify you for appointment.)

In the 1970's I was a member and then the president of the Homestead Neighborhood Association in Portland at the time a Veterans Administration replacement hospital was being proposed. I that I contributed to the development of a plan that worked well for the neighborhood, the VA Hospital, and the University of Oregon Health Sciences Center.

5. Lane County is committed to reflecting diverse cultures on its boards/committees and does not discriminate against any person on the basis of gender, race, color, national origin, religion, disability, or age in employment or in admission, treatment, or participation in its programs, services, and activities. If selected, how would you contribute to this effort?

In past jobs, I made a substantial contribution to the achievement of race and gender neutral employment and promotion practices by hiring and promoting people based on skills and abilities instead of less suitable criteria.

6. Are you currently serving on any Advisory Boards or Committees? If so, which ones?  
No

7. Are you employed by, have any business, contractual arrangements or family connections with programs having

Until November 2006, I served as the Medical Director for Behavioral Health at PeaceHealth. Since that time I have been employed as a part time psychiatrist (three days per week) . (As I no longer have authority over budget, hiring, policy, etc. I do not know if this employment relationship poses a conflict of interest.) I believe that my experience with PeaceHealth might be an asset to the committee.

In addition, I serve on the Board of Directors for Serenity Lane.

Making a final choice from among the many applicants for the position was quite difficult. However, after careful consideration of qualifications, background, and experience, we have selected another applicant to fill the position on the Mental Health Advisory Board.

Although you have not been selected at this time, your interest in these issues is apparent and we invite your participation in other ways. The Mental Health Advisory Committee/Local Alcohol and Drug Planning Committee, has several subcommittees, which are open to anyone interested.
